TRAINING SERIES ON BASIC LIFE SUPPORT-SESSION 1

A training session on Basic Life Support was conducted for postgraduates and interns of KMCT Medical College.

Date : 10 September 2020 (Thursday)

Venue : Medicine Lecture Hall

Time : 10:00 am

The session was led by the faculties of the Emergency Medicine Department, Dr Nijin Varghese Mamman and Dr Faris. There were 25 participants.

The following topics were covered in the session:

- Airway Management: Techniques for opening and maintaining a clear airway, including head-tilt, chin-lift manoeuvre and jaw thrust for individuals with suspected spinal injuries.
- CPR (Cardiopulmonary Resuscitation): Comprehensive training in performing CPR on adults, children, and infants. This includes chest compressions, rescue breaths, and proper hand placement techniques.
- Breathing Emergencies: Recognition and response to breathing difficulties, such as choking and respiratory distress.
- Recognition of Cardiac Arrest: Identifying signs of cardiac arrest, understanding the importance of early intervention, and activating the emergency response system.

The session also provided hands on training on Airway Management and CPR. The session concluded at 12 pm after an interactive session with the participants.

Covid-19 protocol was adhered to during the session.

TRAINING SERIES ON BASIC LIFE SUPPORT-SESSION 6

A training session on Basic Life Support was conducted for students of KMCT Medical College via **Zoom platform**.

Date : 13 January 2021

Time : 07:00 pm

The session was led by the faculties of the Emergency Medicine Department, Dr Nijin Varghese Mamman and Dr Faris. 82 students participated in the session online.

The following topics were covered in the session:

- Airway Management: Techniques for opening and maintaining a clear airway, including head-tilt, chin-lift manoeuvre and jaw thrust for individuals with suspected spinal injuries.
- CPR (Cardiopulmonary Resuscitation): Comprehensive training in performing CPR on adults, children, and infants. This includes chest compressions, rescue breaths, and proper hand placement techniques.
- Breathing Emergencies: Recognition and response to breathing difficulties, such as choking and respiratory distress.
- Recognition of Cardiac Arrest: Identifying signs of cardiac arrest, understanding the importance of early intervention, and activating the emergency response system.

The session concluded after an interactive session with the participants.

OBJECTIVE OF THE WORKSHOP

The workshop aims at building capacity among researchers regarding scientific ways of formulating research questions, advancing proper study designs, sampling tools, learning about data management in broader perspective along with rules and regulations of grant proposal submission to Kerala University of Health Sciences.

TOPICS TO BE COVERED DURING WORKSHOP

1. Introduction to research.
2. Literature search
3. Developing research question, hypothesis and objectives
4. Study designs
5. Developing research protocol
6. Sampling and randomisation
7. Sample size estimation
8. Developing research tools
9. Data management
10. Research ethics

TEACHING AND LEARNING METHODS

Interactive lectures (PPT),
Practical exercises manual and computer based,
Group Project presentation by participants.

Please note: The participants shall receive certificate of participation only after attending all sessions over all 3 days. All participants shall bring their own laptop along with internet connection.

ORGANISING COMMITTEE

CHIEF PATRONS

Dr. K. MOJIDI

Chairman and Managing trustee, K.M.C.T Group of Institutions

Dr. K.M. NAVAS

CEO Executive trustee, K.M.C.T Medical College
