Strategic plan 2016-2020

KMCT Medical College framed the following Institution strategic goals

Goal 1

- To deliver the highest quality of education to students and maintain the highest standards of educational programs in all specialties and clinical disciplines with the help of outcome-based knowledge in both basic and clinical aspects and also in state of the art clinical and pre-clinical facilities.

Things Implemented

Implementation of competency-based education done from 2019

Started to use IT enabled class rooms, innovative teaching methods like Skill Labs etc

Started using learning management system, MOODLE

Use of the software "Campus Medicine" for monitoring all students activities is implemented

Community outreach activities with health care camps and family adoption programs for undergraduates

Goal 2

- To foster an environment conducive for research and to establish a culture of research in students.
- To involve various establishments namely, Governmental, non-government organizations for a collaborative approach in conducting research activities.
- Up-gradation of library with digitalization and all prominent e journals and subscriptions.

Things Implemented

IEC & IRC started in tune with the vision of the institute.

CRIB (Centre for innovation and Research Board) started with the mission of creating research culture in students.

Goal 3

- To deliver the highest standards of health care with state of art facilities.
- To improve infrastructure in all clinical disciplines.
- Plan for a new specialty block for Psychiatry and dermatology departments.
- To get NABH and NABL accreditations for hospital and laboratory.
- Introduction of HIS for keeping medical records.

Things Implemented

New hospital blocks for Psychiatry and Dermatology was made.

Newer ICUs with state of art facilities set up.

NABL accreditation was obtained, while entry level NABH accreditation too has been attained.

HIS was introduced with the help of "Backbone" software.

Awareness camps done on health issues periodically and free of cost.

Goal 4

- To increase the number of seats for under graduate courses, as well to establish and gradually build up the number of PG seats in all specialties.

Things Implemented

Number of UG seats increased to 150. A total of 35 PG seats across disciplines now recognized.
