REFORMS IN THE PROCESS AND PROCEDURE IN THE CONDUCT OF UNIVERSITY EXAMINATION / CONTINUOUS INTERNAL EVALUATION

The continuous internal evaluation is conducted by the institution as per university (KUHS) regulations and university conducts the summative examination.

Examination procedures:

KMCT Medical College properly follows the process and procedure of both continuous internal assessment and university examinations.

University announces the schedule and prescribed fee in the website. To minimize the registration issues faced by the students, the office effectively register all the students in prescribed time limit. The applications are processed by the university and the university uploads the Hall Tickets in its web portal which can be downloaded at the college. The university uploads question papers in the institution login and the college downloads the same in coded format 30 minutes before commencement of the examination. The required copies of the question papers are taken for the exam as the college is a recognized centre for all university examinations. The examination hall is under continuous CCTV surveillance during the examinations and the video coverage of the conduct of examinations is sent to the university along with the answer papers on the same day. Also the examination halls are equipped with jammers for the prevention of unnecessary mobile usage. Exam booklet provided by the University has barcodes.

Processes integrating IT:

The institution has an examination centre which is well equipped with CCTV cameras and high speed internet connections. Adequate number of computers and printer are available in a room very next to the examination hall to access and download the question paper and take necessary printouts. Professional IT team supports the conduct of university examinations.

Continuous Internal Assessment

All formative evaluations are carried out using the same format followed for summative evaluations. The internal assessment marks are entered in department laptops to ensure the safe documentation digitally. Each department conducts formative and summative assessment twice during the course of the subject and also do conduct model exams well before the commencement of the university examinations. The internal assessments are conducted in the

central examination hall under CCTV monitoring. The practical/clinical internal assessment usually follows the university examination model, with faculty at all levels being involved in its smooth conduct. Varied clinical cases are used during assessments, as well as objective methods such as OSCE/OSPE/other innovative assessments by some of the departments.

Competency based assessment:

The new curriculum for MBBS has been implemented from 2019, assessment for which is also based on achievement of competencies by students. For this, the NMC has detailed the competencies expected in each subject, which are scrupulously followed.

Each interactive lecture ends with a few representative questions on the topic covered. MCQ are given at the end of each lectures. The Medical Education Unit has conducted programmes for the teachers on question paper and MCQ setting, and there are sessions in the Faculty Development Programmes for faculty training on learner assessment.

Workplace based assessments

This is done for interns and postgraduates by means of log books, where they enter details of cases/procedures which are checked by department faculty.

Self Assessment

We conduct seminar, small group discussion, self directed learning, quiz.

OSCE/ OSPE

The OSCE/OSPE examination is conducted in various departments as part of curriculum.
